

# INFORMATION SESSION: SOLAR ENERGY

12.02.2025 7:00 pm

Festsall

10, rue de Capellen | L-8323 Olm

## Harnessing the power of the sun to generate electricity

The Environmental and Energy Advisory Commission of the Commune of Kehlen, in collaboration with Klima-Agence, national partner for energy and climate, invites you to an information evening dedicated to exploring solar energy.

Save the  
date!

### TOPICS COVERED:

- Generating electricity with a photovoltaic system
- Self-consumption and electricity sharing
- Electricity storage
- State subsidies
- Klimabonus and municipal grants

Andy Welter, an advisor at Klima-Agence, will highlight the opportunities offered by solar energy, outline the steps to get started, and share practical advice to help you implement your climate and energy projects.

The presentation will be conducted in Luxembourgish. **Simultaneous interpretation into French and English will be provided.**
